

Click on the Catalog Tab.

A screen to access our catalog will pop up. Click on [Ely Public Library](#).

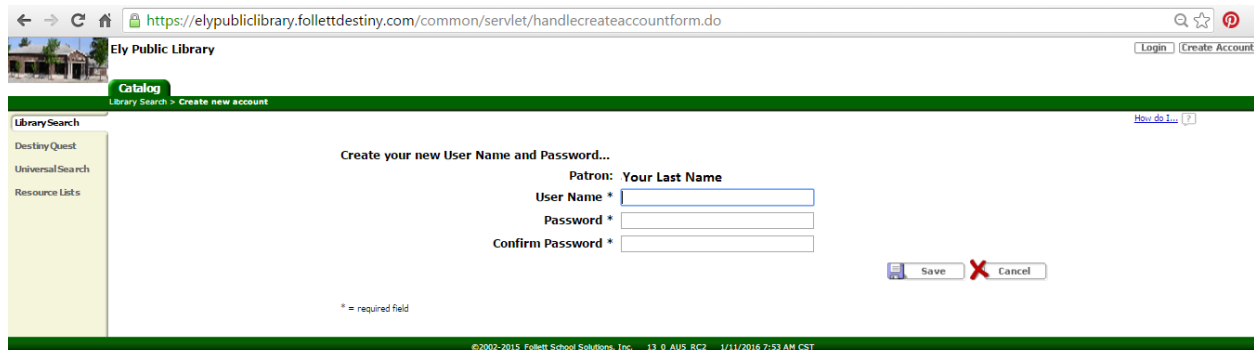

The following screen will display. The first time you set up your account you will need to select the **Create Account** button on the upper right side. After you are set up you would just select the **Login** button to access your account.

To create your account, you will be prompted for your **Last Name** and your **barcode**.

You are now prompted to create a **User Name** and **Password**. Once finished, click **Save**.

You have successfully created a log in to your library account! From here you can now see what you have checked out, place holds and renew your material.

Logging into your account – after your account is set up, you would select the Login button in the upper right corner. You will then be prompted to enter your username and password.

If you are having any difficulties, drop us a quick email at webmaster@ely.lib.ia.us or give us a call at 848-7616.
